We need your support as we work to build a strong, sustainable rural hospital and keep quality healthcare services in Clinch County!

This year, put your Georgia State taxes to work for Clinch Memorial Hospital and rural healthcare!

From 2018 through 2021, Georgia taxpayers can access \$60 million of RHO tax credits each year, with each qualified RHO having access to \$4 million of tax credits (until the total annual \$60 million cap is met). From January 1 through June 30 of each taxable year, the following limits apply with respect to Georgia HEART RHO contributions:

- In the case of a single individual or a head of household, 100 percent of the actual amount expended or \$5,000 per tax year, whichever is less; or
- In the case of a married couple filing a joint return, 100 percent of the actual amount expended or \$10,000 per tax year, whichever is less.

Located in Southeast Georgia, Clinch Memorial Hospital is a 25-bed critical access hospital serving Homerville, Clinch County, and surrounding counties. Originally founded in 1957 as a rural community hospital, the hospital moved to a new facility completed in 2007.

Services at Clinch Memorial include:

- Emergency Department
- Emergency Medical Services
- Radiology
- Physical Therapy
- Respiratory Therapy
- Swing Bed Services
- Gastroenterology
- Laboratory
- Nursing Services
- Family Practice
- Dietary
